

I claim:

1. A decorative light string with arranged bulb assemblies including  
a main wire connecting with many bulb assemblies, and the  
character is that each bulb assembly is engaged with the main wire  
at an arranged direction.
2. A decorative light string with arranged bulb assemblies as claimed  
in claim 1, wherein the decorative light string is a curtain-type  
string, a net-type string, or any decorative string.
3. A decorative light string with arranged bulb assemblies as claimed  
in claim 1, wherein the bulb assembly is provided with a hook to  
engage with the main wire.
4. A decorative light string with arranged bulb assemblies as claimed  
in claim 1, wherein the bulb assembly is positioned along the main  
wire by a ring.
